

# Products

Small in size,  
but not in functionality!

## Handheld

## Wall Mount

## Lite

What our valued customers are saying about the products:

*"IDetect has already assisted in catching 3 offenders in our club because of its automatic picture function. I would recommend this product to anyone trying to protect their liquor license."*

**Tony Caldarola, Copacabana, NYC**

*"With IDetect's custom wristband feature we know that everyone in the club has been ID'ed and paid. We can also spot an underage drinker from a distance because they get a different color wristband from the drinking crowd. We have not received a fine or warning since using IDetect."*

**Sean Croce, Doc Ricketts' Lab, Monterey, CA**

*"As a skeptical buyer, I thoroughly checked every system on the market. By far IDetect had the best product with the most features for the money."*

**Brian Saldana, Shamrock Inn, Clifton, NJ**

*"The local precinct kept doing sting operations on my club attempting to issue fines, and take away my liquor license. Once I started using IDetect, the police stopped even trying to enter, and got back in their car to perform their operation on the next club."*

**Nick Campo, Don Hill's, New York, NY**

*"I catch entrants trying to share an ID with their friend/brother/sister constantly. Not only does IDetect signal that an ID is being shared, it also brings up the picture of the actual owner of the ID in use. Very powerful system"*

**Maynard Cowan, Santa Fe National Tobacco Company**
